

LINDY ZHANG

22 Howarth Drive, Upton, MA 01568 | lwzhang@mit.edu | (508) 244-0188 | <https://lindy-zhang.github.io/>

EDUCATION

Massachusetts Institute of Technology

B.S. in Computer Science and Mathematics

Cambridge, MA

Spring 2028

- GPA: 5.0/5.0 | Relevant Coursework: Graduate Deep Learning, Machine Learning, Algorithmic Problem Solving, Linear Algebra, Design and Analysis of Algorithms, Probability and Random Variables
- Involvement: MIT AI Alignment (AISF Fellow), MIT Entrepreneurship Club, Women in EECS, Running Club

Groton School

High School Diploma

Groton, MA

- GPA: 5.0/5.0 | SAT: 1590
- Awards: USA Computing Olympiad Gold, National Merit Scholarship Finalist, Boston Globe All-Scholastic Athlete

WORK & RESEARCH EXPERIENCE

MIT CSAIL (BASS Group)

Undergraduate Researcher, Filtered Approximate Nearest Neighbor Search

Cambridge, MA

Sept 2026–Present

- Researching improvements to filtered approximate nearest neighbor search (FANNS), surveying state-of-the-art indexing methods (BigFANN, SVFusion) to identify limitations in dynamic/streaming settings and propose extensions

MIT CSAIL (ALFA Lab)

Undergraduate Researcher — LLMs for Autonomous Cybersecurity Agents

Cambridge, MA

Jan 2026–Aug 2026

- Built an LLM-based relevance-ranking pipeline mapping CVEs to CWE weakness categories and MITRE ATT&CK techniques across a 4.7M-pair dataset, reframing link generation as a scored ranking task to cut false positives
- Diagnosed root cause of 3x link over-inflation in a 4.7M-pair dataset by tracing CWE hierarchy flattening in a Neo4j knowledge graph, directly informing the lab's pipeline redesign

Far Eastern International Bank

Web3 Banking & Artificial Intelligence Intern

Taipei, Taiwan

Jun 2026–Aug 2026

- Built and debugged a Python scoring pipeline processing 33,000+ real bank transactions for AML risk detection, tuned detection logic to reduce false positives in production.
- Designed a retrieval-augmented generation (RAG) pipeline in a bank-grade production system to automate risk-review reporting, replacing a manual workflow; implemented citation grounding, structured JSON output, and consistency checks
- Researched Web3 applications in banking, including cross-border payments, stablecoin use cases, and data-driven financial services within the Corporate Banking Group

MIT STAR Lab

Undergraduate Researcher — Generative AI for Multi-Temporal Satellite Event Captioning

Cambridge, MA

Dec 2025–Feb 2026

- Helped build one of the first multi-temporal satellite event captioning datasets by refining LLM-generated captions using paired satellite time-series data and news sources
- Evaluated the reliability of LLMs in describing real-world geospatial events to benchmark temporal reasoning in AI models

Summer Science Program (SSP)

Student Researcher

Milledgeville, GA

Jun 2024–Jul 2024

- Conducted orbit determination of Asteroid A910 LC using Python and Monte Carlo simulations; achieved <3% margin of error and co-authored research submitted to the Minor Planet Center (MPC)

LEADERSHIP & CAMPUS INVOLVEMENT

MIT Undergraduate Mathematics Association (UMA)

DEI Committee Lead

Cambridge, MA

Sept 2025–Present

- Organized departmental initiatives and faculty luncheons to foster a more inclusive community and bridge the gap between students and the Math Department administration
- Facilitated the UMA Mentorship Program, pairing upperclassmen with students in introductory proof-based courses to improve retention and academic support

MIT Women in AI

Mentorship Chair

Cambridge, MA

April 2026–Present

- Designed and executed community outreach initiatives to increase the retention and engagement of women and underrepresented groups in computer science and AI

Groton Computer Science Club

President

Groton, MA

Apr 2023–Jun 2025

- Trained students in algorithms, bitwise operations, and graph theory for ACSL and national contests; mentored members to compete in national contests such as USACO

SKILLS

Technical: Python, C++, C, Java, HTML; PyTorch, TensorFlow, Scikit-Learn, Git, Azure, AWS

Languages: Mandarin, Latin, Spanish
